Modifying the House Rules and Associated Forms

PLEASE NOTE: These sample documents have been created in Microsoft Word or Microsoft Excel. The House Rules Template includes references to HUD guidance. We used HH 4350.3 R1, C4, HUD’s Monthly Activity Transmission (MAT) Guide, HUD’s RHIIP ListServ and various memos and Notices to create these documents.

The Policy Template and supporting forms included on the CD must be carefully reviewed and edited before they are “finalized” and implemented in your own policies and procedures. We have chosen the most common options indicated by our customers, but smoking policies, pet policies and resident screening may vary from owner/agent to owner/agent. The Policy Templates and supporting forms include notes about options. These notes are in blue and start with “(Note from RBD...)”.

Review by the owner/agent’s compliance team and legal counsel – particularly a fair housing attorney – is strongly recommended.

While the forms can be edited, you cannot save changes to the FASTForms CD. You should create a dedicated directory on your hard drive and save any changes to forms there. Be sure to use the “Save As” option and remove “Notes from RBD” from the final version of each form. The original, unedited version will remain on the FASTForms CD.

EIV Use Policies

Policy EIV Use Monthly

Policy EIV Use MonthlyQuarterly

There are two policies. Choose one. The difference is mainly in regard to the Master File. If the Identity Verification reports are reviewed monthly but other Master File reports are reviewed quarterly, use the appropriate policy and associated checklists. If all Master File reports are reviewed monthly, then use the appropriate policy and associated checklists.

The policies address concerns when there is program layering such as Section 8 and Tax Credit or 515/8 properties. We have added discussion explaining how income verification will be addressed and we have included information about how resident files will be maintained in order to secure EIV information.

Added new language for Repayment Agreements including limiting the number of repayment agreements to one. Supporting forms have been added to this CD.

Update Social Security Disclosure Requirements description to include new language included in Streamlining Final Rule effective 4/2016.

You MUST edit these policies before implementation. The policy must reflect how you really use EIV.

This is a comprehensive EIV Use and Security Policy which incorporates sample policies based on HUD instruction provided in HUD Notice 13-06, HH 4350.3, Revision 1, Change 4 and other HUD guidance.
